Dear Nalini,

Thank you for the opportunity to nominate a student for the Upinnaqtuq Award.

For the **2020 Upinnaqtuq Award**, we would like to nominate Johnny Padluq. Johnny has successfully overcome many challenges in his life that in his elementary and middle school years greatly affected his behaviour. He has developed impressive self-regulation skills, to the point that those of us who have just recently met him, find it hard to believe it is the same person. In addition, he is a kind, courteous and well-mannered individual who goes out of his way to offer to help his teachers with whatever needs to be done, whenever the occasion arises.

Johnny has developed strong academic skills, is always punctual and has exceptional attendance. He works hard in class, takes risks and works very well independently. Johnny has excelled in Grade 10 and will have many opportunities open to him when choosing his post-secondary pathway.

If you have any other questions, you can reach me at 939-2221.

Sincerely,

Daphne O'Donnell
Principal
