**Subject: Award Nominations, Gregory Wiseman, Grade 9 Student**

I had the pleasure of teaching Gregory while he was a grade 8 student. He has also been part of my weekly floor hockey group at MUI for 3 years.

Gregory is a popular student that is well liked. He is also an exceptional hockey player. Despite being popular and a top athlete, he has never let ego get in his way. He is an easy student to speak to and shows respect to others. One thing I appreciate is him being a positive role model at floor hockey. At floor hockey, I have a few participants that lack strong skills, but just want to have fun. Gregory is happy to have anyone on his team. He encourages less skilled players by including them. Gregory has the skill to score on command, but he often chooses to pass to a less skilled teammate.

I have also heard positive feedback about Gregory from parents of other students I have taught. In one instance, a player on his ice hockey team was being harassed by other players. The victim's mother told me that Gregory stood up for her child, which made me very proud to hear.

Please let me know if any other information is required

Thank you!
